

# MEND Technology™

Safe, Low-Cost and Non-Addictive

## WHAT IS MICROCURRENT THERAPY?

Frequency Specific Microcurrent (FSM) is an energy medicine modality that delivers a series of frequencies perfectly sequenced to give a gentle, but incredibly powerful healing session. FSM has been effectively used in clinics for over 25 years for treating pain and many other conditions.

## HOW DOES MEND DO THIS?

Research\* shows that if you apply microcurrent with specific frequencies, pain relief is nearly immediate. It delivers the same current that your body produces at the cellular level, making it very gentle and easily tolerated.

Our devices were designed by **top leaders** in the FSM community. The protocols are customized by your practitioner for your treatment.

## WHY YOU WANT MICROCURRENT THERAPY

The opioid crisis has finally forced mainstream medicine to look for low-cost, safe, and non-addictive methods to effectively treat pain. The **MEND** devices are one of the best choices for pain management because they are low-cost, non-invasive and offer fast results.

Microcurrent is a safe and drug-free way to treat most types of pain.

## FOR USE IN THE CLINIC OR AT HOME

The **MEND Wellness™** is designed for the patient to continue their care at home. Ask your practitioner if this is an option for you.

## WHY CHOOSE MEND TECHNOLOGY™?

MEND Technology™ was designed with the practitioner and the patient in mind. MEND Technology™ has the most practitioner and patient user-friendly devices on the market. Additionally, and most importantly, our state-of-the-art programming software allows patients to work with multiple practitioners. If you travel, be assured that your devices can be easily updated for any unexpected situation or working with multiple practitioners.

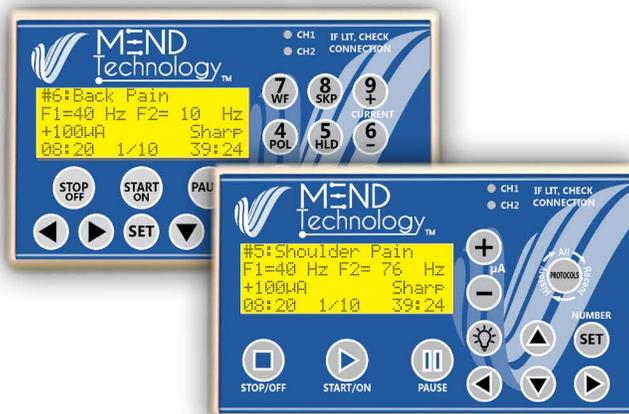

## TESTIMONIALS

*"I love my MEND device. It's easy to use and I can take it with me anywhere." S.G.*

*"After years of drug use I no longer require any pain medication." D.L.*

*"Treatment results are more profound and life changing than I could have imagined. My cup of hope is full and overflowing. Thank you." A.C.*

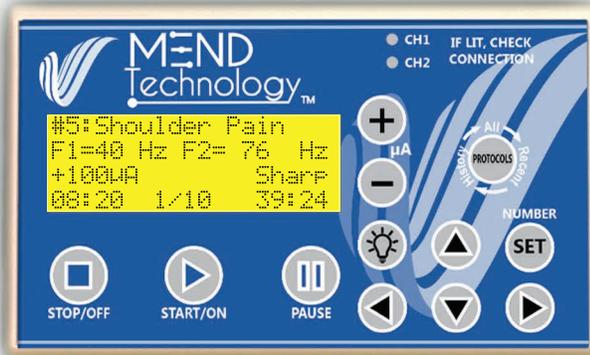

*"I've suffered with chronic pain for years, but thanks to my MEND device I've gotten my life back." S.L.*

# IMMEDIATE PAIN RELIEF

# MEND Wellness™

- ✓ Portable, hand-held, and easy to operate
